# WATER SUPPLY BYE-LAWS

1 NO PERSON SHALL

(a) remove, break, injure or open any cock, lock, valve, pipe or part belonging to or under the control of the Municipality in connection with the water supply, or

(b) flush or draw off any water in or derived from any such water works or do any act whereby the water in any pipe or water work is likely to be wasted or contaminated or

(c) obstruct, divert or in any way injure or alter any water main, submain or duct

2 The water supplied by the Municipal Council is intended primarily for domestic use, and therefore water from public stand post or tap shall not be taken for garden, irrigation, building purposes, hotels, or for other non-domestic purposes In such cases, the previous sanction of the President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal Council, provided that the use of water from the public taps for non-domestic purposes mentioned therein shall not be permitted unless there is sufficient supply of water at the tank or source and there is a good supply at the public tap or concerned submain

3 No person shall bathe or wash an animal, vehicle, clothes, or utensils at any public stand posts, or taps, which are not specially set apart for such purposes

4 No person shall do anything to damage or dis-figure the stand posts or plat-forms or to obstruct the free flow of water from the plat-form

5 No person shall water any animal at any public stand pipe or cistern, except at places prescribed by the Municipal Council for the purpose by notice posted thereat

6 In cases of emergency, the President or his authorised agent may at any time with previous public notice and beat of tom-tom, stop the supply of water if it appears to be unfit for use by the public

7 The President or his authorised agent in writing shall have power to stop or reduce the supply in any public main or sub-main for repairs or renewals without any notice But when such stoppage is over an extensive area or is likely to last more than 8 hours or is due to exigencies which can be foreseen, such previous notice as is possible under the circumstances will be given by general tom-tom

8 Applications for house connections from the public mains or sub-mains are to made in the prescribed form with the necessary plan and estimate prepared by a licensed plumber to the President who, in consultation with the Bureau of Sanitary Engineering, is authorised to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below -

| | |
|---|---|
| 1/2"attachment | Re 1-0-0 |
| 3/4'attachment | Rs 1-8-0 |

After the house connection estimate is sanctioned, the rest of the transactions will be entirely between the

owner and the plumber and the Municipal will not interfere in the matter of settlement of claims etc , between the owner and the contractor For attachments above 3/4", the rate shall be decided by the Sanitary Engineer, Bureau of Sanitary Engineering

(a) Every separately assessed premises shall have its own separate supply pipe

(b) Every consumer's connection shall have outside the premises a valve or gland-cock of the approved pattern with a minimum area of not less than 1/2" diameter, more than the diameter of the supply pipe This valve or cock shall be supplied by the consumer as approved by the authorised officer Such valve or cock, if below the ground level, shall in every instance be suitably protected by a surface box of the approved pattern supplied to the consumer by the Municipality at the consumer's cost

9 The Department may, by subsidary rules, prescribe the size, nature, materials, workmanship, strength and mode of arrangement connection, disconnection, alteration and repair of pipes, meters, cocks, ferrules, valves, soil pane, water closets, bath cisterns and other apparatus and forbid any arrangements and use of any water fittings which may allow of tend to allow any waste under consumption, mis-use, erroneous measurement or contamination

10 Private house service connections will be limited to houses paying a house or shop tax of not less than Rs 5/- a year in localities where a supply can be given without detriment to street service, provided there are facilities to make proper arrangements for draining off the waste water to the Municipal

drains

11 For every house connection there shall be provided at the cost of the Municipality and maintained in due working order, a water meter for the accurate guaging of the water consumed, provided that the President, in consultation with the Sanitary Engineer, may dispense with the erection of water meters in the case of premises not likely to consume more water than the free allowance, to be granted thereto

12 For every meter installed to a premises and kept in working condition, a meter rent of four annas per month shall be levied in addition to whatsoever charge may be due for the water consumed, provided that for the period when the ~~water~~ meter is out of order, no such rent shall be charged

13 The meter shall, wherever practicable, be placed inside the premises of the consumer or owner The owner shall be held responsible for any wilful damage or alteration of the meter reading and shall be liable not merely to pay up the cost of making good such damages but also for the penalty ~~(therein after)~~ imposed in by-law 35 The President may, in consultation with the Sanitary Engineer, assess the damages caused and recover the same in the manner prescribed for the recoveries of other charges of Municipal revenue

14 The free allowance of water to a consumer or owner for his domestic connection shall be regulated as follows -

9 - 'FOR every one rupee of house or shop tax levied on the house, the authorised free allowance shall be 5000 gallons, but in no case shall such free allowance be less than 2500 gallons or more than 10,000 gallons a month"

15 The same rates as above shall apply equally to Government Buildings, used for residential purposes

16 For other Government and Public Buildings however, the free allowance shall be such as may be decided by Government in each specific instance

17 Any consumer or owner who shall use water in any month in excess of the free allowance shall pay for such excess at the rate of rupee one for every 1000 gallons so consumed In calculating the excess water charges under this clause, the excess on any whole number of 1000 gallons shall not be charged for if it is 500 gallons and below, but the excess shall be charged as it it were 1000 gallons if it exceeds 500 gallons

18 The excess water charges, meter rent and other charges due under these ~~rules~~ bylaws shall be paid at the office of the President monthly on bills which shall be presented to the party before the 5th of the succeeding month The payments shall be made before the 20th of that month, including arrears if any Failure of such payments shall automatically cause the cutting off of water to the premises on or before the 25th ~~instant~~ of that month

19 If and whenever a consumer ceases to occupy the premises supplied with water or to use the water, he shall or on his behalf the owner shall send a written notice to the authorised officer In case of his failure to do so, the ~~department~~ Board may proceed against the consumer or the owner to recover any charges that may become due including those for excess consumption

20 All money due for water consumption, meter rent or other charges under these ~~rules~~ bylaws shall be payable by the consumer or on his default by the owner

21 All cases of protest or disputes about the meter readings or otherwise shall be lodged within fifteen days after the monthly readings are taken This will be recorded on the meter card fixed in the premises of the consumer except when the door is locked or the card is not for any other reason available No complaints received after this period shall be entertained

22 To facilitate the disposal of disputed claims, the President shall, when requested in writing, furnish a memorandum showing the consumption and probable charges on account of water rate meter rent and other items, for any period ~~consequent~~ subsequent to the preparation of the last bill in the office

23 The meters shall be read between the 20th of a month and the end of the month generally between the hours of 7 30 A M and 4 30 P.M and recorded on meter cards hung up in ~~any~~ the and prominent portion of the house, for the safety of which the consumer shall be responsible

24 The above ~~rules~~ bylaws in respect of water charges shall apply in the case of water supplied for non-domestic concerns also, except that in such cases all the water consumed shall be charged for at rupee one for every 1000 gallons consumed in addition to a meter rent of four annas per month

25 All institutions of an industrial, commercial or business nature, such as coffee clubs, restaurants, tiffin rooms, hotels, theatres, clubs of recreation, dairy farms, nurseries,

fruit or flower gardens and all premises where the construction of alterations of buildings are going on shall be treated as non-domestic concerns for purposes of these ~~rules~~ bylaws

26 The consumer or the owner disputing the accuracy of the meter may apply to the President or the authorised officer who, shall on payment of a fee of rupee one per test direct the testing of the meters If, on actual test, the quantity registered by the meter differs by 5% of the correct quantity, a proportionate modification shall be allowed for the month in question and the modified bill paid as per ~~rules~~ bylaws No rebate shall be allowed for difference of 5 per cent and below nor the testing fees refunded

27 The President reserves to himself the right to make ~~its own~~ his tests, free of cost at any time after giving due notice of the same to the consumer or owner

28 If, on examination, any meter is found to be out of order, the consumption during the period since the last reading till the meter is repaired or a new meter is installed shall be calculated at the average daily consumption of the last three months during which in the opinion of the President, the meter was recording properly and the consumption of water was not for any reason abnormal

29 The President or the Sanitary Engineer or their authorised agents may enter any house, building or land to which water is supplied to examine if there be any waste, misuse or dispute and inspect the instruments for conveying, receiving, storing, measuring and for removing the instruments belonging to the Municipality or the Sanitary Engineer Any person obstructing the discharge of such duties shall be liable on conviction to a fine not exceeding Rs 50, But this power of entry shall be exercised only between the hours

of 7 30 A M and 5 30 P M and at other times of the day with previous intimation of not less than six hours to the consumer or owner or in their absence to the members of his family

30 The water supply ~~could~~ cut off to any consumer or owner by the ~~Municipality~~ Council shall not be restored as long as the wrongful act or omission for which the supply was cut off continues

31 The President, Vice President or their authorised agent shall have the power to cut off connection between the private pipes and the public main in any of the following cases -

a) IN default of payment of water rates and other charges due under the rules, on any bill presented within 15 days after the same shall have been demanded in writing or presented

b) IF any house owner or occupier who is supplied with water shall use or permit the use of water for purposes in violation of the conditions on which the connection is granted provided that 5 days previous notice is given in writing

c) IN cases of leakage of pipes or other defects in the private service likely to cause loss to the Municipality provided that 48 hours notice is previously given

d) IF water is allowed to run to waste after the owner or occupier has been warned against allowing such waste by a printed or written notice of six hours or such shorter period as the President or Vice President deems fit

e) IN any case of broken pipes or fittings causing loss of water likely to cause damage to property when such a written notice as may be possible shall be given

f) IN any case or refusal to allow the President, Vice President or their authorised agent to enter on any land or building for the purpose of inspecting service pipes, fittings etc , after six hours notice

32 The bye-laws stated above shall apply to public street fountains which have been or may be allowed to be erected at the expense of the private individuals for dedication to public use and such fountains shall be further subject to the

follo ing conditions -

a) That their number is strictly restricted by the bonafide public requirements of particular localities which shall be decided by the 'unicipal Council

b) That they are not placed closer to any other public fountain than the minimum prescribed distance of 200 feet

c) That their free and unobstructed use at all hours by the public for the use for which they are intended is duly safeguarded

33 Any person whose house connection is stopped for non-payment of dues or leakage etc , mentioned in ~~rule~~ bye law 23 ~~or at his request as in para 19,~~ shall pay a fee of Re 1/- for reconnecting the same

34 The Municipality reserves to itself the power wherever it deems fit to alter or modify the foregoing ~~rules~~ bye laws ~~or to abolish altogether the system of house connections established thereunder or to stop or to reduce the supply to any private attachment or any public fountain without assigning any reason whatsoever~~ - with the approval of Govt

35 Any person infringing any of ~~these~~ above bye-laws shall be liable to be punished with a fine not exceeding fifty rupees on conviction before a Magistrate

Letter No A 5C 146/39-40 dated 2nd August 1941 from the Deputy Commissioner, Mandya District, requesting sanction to the bye-laws framed under Section 48(m) of the Mysore Town Municipalities Act 1933, by the Mandya Town Municipal Council for regulating the water supply at the place

Order No L 3785-86/MCU-41-18

Dated, Bangalore, the 15th November ~~October~~ 1941.

The bye-laws are sanctioned as appended to this order

For Secretary to Government
Law Department

To--The Deputy Commissioner, Mandya District with records
The Comptroller to Government

# WATER SUPPLY BYE-LAWS.

1. NO PERSON SHALL

   (a) remove, break, injure or open any cock, lock, valve, pipe or part belonging to or under the control of the Municipality in connection with the water supply, or

   (b) flush or draw off any water in or derived from any such water works or do any act whereby the water in any pipe or water work is likely to be wasted or contaminated or

   (c) obstruct, divert or in any way injure or alter any water main, submain or duct.

2. The water supplied by the Municipal Council is intended primarily for domestic use, and therefore water from public stand post or tap shall not be taken for garden, irrigation, building purposes, hotels, or for other non-domestic purposes In such cases, the previous sanction of the President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal Council, provided that the sued of water from the public taps for non-domestic purposes mentioned therein shall not be permitted unless there is sufficient supply of water at the tank or source and there is a good supply at the public tap or concerned submain.

3. No person shall bathe or wash an animal, vehicle, clothes, or utensils at any public stand posts, or taps, which are not specially set apart for such purposes.

4. No persons shall do anything to damage or dis-figure the stand posts or plat-forms or to obstruct the free flow of water from the plat-form.

5. No person shall water any animal at any public stand pipe or cistern, except at places prescribed by the Municipal Council for the purpose by notice posted thereat.

6 In cases of emergency, the President or his authorised agent may at any time with previous public notice and beat of tom-tom, stop the supply of water if it appears to be unfit for use by the public.

7. The President or his authorised agent in writing shall have power to stop or reduce the supply in any public main or sub-main for repairs or renewals without any notice. But when such stoppage is over an extensive area or is likely to last more than 8 hours or is due to exigencies which can be foreseen, such previous notice as is possible under the circumstances will be given by general notice.

8. Applications for house connections from the public mains or sub-mains are to made in the prescribed form with the necessary plan and estimate prepared by a licensed plumber to the President who, in consultation with the Bureau of Sanitary Engineering, is authorised to comply with such applications by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below -

| | | |
|---|---|---|
| 1/2" attachment | | Rs.1-0-0 |
| 3/4" attachment | .. | Rs 1-8-0 |

After the house connection estimate is sanctioned, the rest of the transactions will be entirely between the owner and the plumber and the Municipal Council will not interfere in the matter of settlement of claims etc., between the owner and the contractor. For attachments above 3/4", the rate shall be decided by the Sanitary Engineer, Bureau of Sanitary Engineering.

(a) Every separately assessed premises shall have its own separate supply pipe.

(b) Every consumer's connection shall have outside the premises a valve or gland-cock of the approved pattern with a minimum area of not less than 1/2" diameter or more than the diameter of the supply pipe. This valve or cock shall be supplied by the consumer as approved by the authorised officer. Such valve or cock, if below the ground level, shall in every instance be suitably protected by a surface box of the approved pattern supplied to the consumer by the Municipality at the consumer's cost.

9. The Department (Bureau of Sanitary Engineering) may, by subsidiary rules, prescribe the size, nature, materials, workmanship, strength and mode of arrangement connection, disconnection, alteration and repair of pipes, meters, cocks, ferrules, valves, soil pans, water closets, bath cisterns and other apparatus and forbid any arrangements and use of any water fittings which may allow or tend to allow any waste under consumption, mis-use, erroneous measurement or contamination.

10. Private house service connections will be limited to houses paying a house or shop tax of not less than Rs.5/- a year in localities where a supply can be given without detriment to street service, provided there are facilities to make proper arrangements for draining off the waste water to the municipal drains.

11. For every house connection there shall be provided at the cost of the Municipality and maintained in due working order, a water meter for the accurate guaging of the water consumed, provided that the President, in consultation with the Sanitary Engineer might dispense with the erection of water meters in the case of premises not likely to consume more water than the free allowance, to be granted thereto.

12. For every meter installed to a premises and kept in working condition, a meter rent of four annas per month shall be livie in addition to whatsoever charge may be due for the water consumed, provided that for the period when the meter is out of order, no such rent shall be charged.

13. The meter shall wherever practicable be placed inside the premises of the consumer or owner. The owner shall be held responsible for any wilful damage or alteration of the meter reading and shall be liable not merely to pay up the cost of making good such damages but also for the penalty imposed in bye-law 35. The President may in consultation with the Sanitary Engineer, assess the damages caused and recover the same in the manner prescribed for the recoveries of other charges of Municipal revenue.

14. The free allowance of water to a consumer or owner for his domestic connection shall be regulated as follows:-

"FOR every one rupee of house or shop tax levied on the house, the authorised free allowance shall be 500 gallons, but in no case shall such free allowance be less than 2500 gallons or more than 10,000 gallons a month".

15. The same rates as above shall apply equally to Government Buildings, used for residential purposes

16 For other Government and Public Buildings however, the free allowance shall be such as may be decided by Government in each specific instance.

17 Any consumer or owner who shall use water in any month in excess of the free allowance shall pay for such excess at the rate of rupee one for every 1000 gallons so consumed In calculating the excess water charges under this clause, the excess on any whole number of 1000 gallons shall not be charged for if it is 500 gallons and below, but the excess shall be charged as it were 1000 gallons if it exceeds 500 gallons

18 The excess water charges, meter rent and other charges due under these byelaws shall be paid at the office of the President monthly on bills which shall be presented to the party before the 5th of the succeeding month The payments shall be made before the the 20th of that month, including arrears if any Failure of such payments shall automatically cause the cutting off of water to the premises on or before the 25th of that month

19. If and whenever a consumer ceases to occupy the premises supplied with water or to use the water, he shall or on his behalf the owner shall send a written notice to the authorised officer. In case of his failure to do so, the Municipal Council may proceed against the consumer or the owner to recover any charges that may become due including those for exdess consumption

20 All money due for water consumption, meter rent or other charges under there bye-laws shall be payable by the consumer or on his default by the owner

21 All cases of protest or disputes about the meter readings or otherwise shall be lodged within fifteen days after the monthly readings are taken This will be recorded on the meter card fixed in the premises of the consumer except when the door is locked or the card is not for any other reason available

No complaints received after this period shall be entertained.

22 To facilitate the disposal of disputed claims, the President shall, when requested in writing, furnish a memorandum showing the consumption and probable charges on account of water rate meter rent and other items, and for any period subsequent to the preparation of the last bill in the office

23 The meters shall be read between the 20th of a month and the end of the month generally between the hours of 7 30 A.M and 4 30 P M. and recorded on meter cards hung up in prominent portion of the house for the safety of which the consumer shall be responsible

24 The above bylaws in respect of water charges shall apply in the case of water supplied for non-domestic concerns also, except that in such cases all the water consumed shall be charged for at rupee one for every 1000 gallons consumed in addition to a meter rent of four annas per month

25. All institutions of an industrial, commercial or business nature, such as coffee clubs, restuarants, tiffin rooms, hotels, theatres, clubs of recreation, dairy farms, nurseries, fruit or flower gardens and all premises where the construction of alterations of buildings are going on shall be treated as non-domestic concerns for purposes of these bylaws

26 The consumer or the owner disputing the accuracy of the meter may apply to the President or the authorised officer who shall on payment of a fee of rupee one per test direct the testing of the meters If, on actual test, the quantity registered by the meter differs by 5% of the correct quantity, a proportionate modification shall be allowed for the month in question and the modified bill paid as per bylaws No rebate shall be allowed for difference of 5 per cent and below nor the testing fees refunded

27. The President reserves to himself the right to make tests free of cost at any time after giving due notice of the same to the consumer or owner

28 If, on examination, any meter is found to be out of order the consumption during the period since the last reading till the meter is repaired or a new meter is installed shall be calculated at the average daily consumption of the last three months during which in the opinion of the President, the meter was recording properly and the consumption of water was not for any reason abnormal

29. The President or the Sanitary Engineer or their authorised agents may enter any house, building or land to which water is supplied to examine if there be any waste, misuse or dispute and inspect the instruments for conveying, receiving, storing, measuring and for removing the instruments belonging to the Municipality or the Sanitary Engineer Any person obstructing the discharge of such duties shall be liable on conviction to a fine not exceeding Rs 50/- But this power of entry shall be exercised only between the hours of 7 30 A.M and 5 30P M and at other times of the day with previous intimation of not less than six hours to the consumer or owner or in their absence to the members of his family

30 The water supply cut off to any consumer or owner by the Municipal Council shall not be restored as long as the wrongful act or omission for which the supply was cut off continues.

31 The President, Vice President or their authorised agent shall have the power to cut off connection between the private pipes and the public main in any of the following cases:-

(a) IN default of payment of water rates and other charges due under the rules, on any bill presented within 15 days after the same shall have been demanded in writing or presented

(b) IF any house owner or occupier who is supplied with

water shall use or permit the use of water for purposes in violation of the conditions on which the connection is granted provided that 5 days previous notice is given in writing

(c) IN cases of leakage of pipes or other defects in the private service likely to cause loss to the Municipality provided that 48 hours notice is previously given.

(d) IF water is allowed to run to waste after the owner or occupier has been warned against allowing such waste by a printed or written notice of six hours or such shorter period as the President or Vice President deems fit

(e) IN any case of broken pipes or fittings causing loss of water likely to cause damage to property when such a written notice as may be possible shall be given

(f) IN any case of refusal to allow the President, Vice President or their authorised agent to enter on any land or building for the purpose of inspecting service pipes, fittings etc , after six hours notice

32. The bye-laws stated above shall apply to public street fountains which have been or may be allowed to be erected at the expense of the private individuals for dedication to public use and such fountains shall be further subject to the following conditions:-

(a) That their number is strictly restricted by the bonafide public requirements of particular localities which shall be decided by the Municipal Council.

(b) That they are not placed closer to any other public fountain than the minimum prescribed distance of 200 feet

(c) That their free and unobstructed use at all hours by the public for the use for which they are intended is duly safeguarded

33 Any person whose house connection is stopped for non-payment of dues or leakage etc , mentioned in byelaw 23 shall pay a fee of Re 1/- for reconnecting the same

34 The Municipality reserves to itself the power whenever it deems fit to alter or modify the foregoing Byelaws with the approval of Government.

35. Any person infringing any of the above bye-laws shall be liable to be punished with a fine not exceeding fifty rupees on conviction before a Magistrate
